

2017 MINNESOTA FRINGE FESTIVAL LOTTERY

Can't find what you're looking for? Please make sure you scroll through the entire 10 page document. If you're still not finding the number, here's a quick troubleshoot:

- **SIZE MATTERS:** Know your lottery; the applying companies are first sorted into tiers. All of the small tier shows are listed first and start below; **regular tier starts on page 6.**
- **ARTICLES COUNT:** Once you've found the right tier, companies run alphabetically, but articles and punctuation will count. For example, anything starting with "The" will be under the T section. If you put quotation marks or parenthesis around your company name, they'll show up before the A section. Because Excel.

Happy hunting, and good luck!
